

SUPPLIMENTARY/CASUAL ROUND SCORE ENTRY

Members can now use any casual round to submit cards towards their handicap under the WHS system.

To use this facility, members **MUST** register the intent prior to commencing the round. This can be done either via the PSI screen in the pro shop or via the h.d.i.d mobile app.

On completion of round scores to be entered by either PSI or h.d.i.d and cards placed in the supplementary card box located in the entrance to the gents locker room.

Scores are updated daily via the system for all entered cards.

Unlike previously there is no charge for using this system and the more rounds you enter, the more accurate your handicap will be as to your current form/ability
